

## DOUG NEBERT WORKSHOPS

# GEOSPATIAL STANDARDS

the critical ones for operationalising spatial data infrastructures

**Date:** 8 JUNE 2005  
**Time:** Seminar 9.00 am to 12.45 pm (Registration from 8.30 am)  
**Venue:** Christopher Rolleston Room, Level 3, Queens Square,  
**Address** Department of Lands  
**City** SYDNEY  
**Max Attendees:** 80  
**RSVP date:** 6 June 2005  
**Cost:** No charge  
**Organised by:** NSW Department of Lands

### Program

- 0830 Participants arrive & registration
- 0900 Opening. **Warwick Watkins, Director General, Department of Lands.**
- 0910 The role of Spatial Data Infrastructures and current progress in Australia: an introduction to geospatial standards. **Steve Blake, ANZLIC.**
- 0925 **Keynote Address: The now:** Priority geospatial and internet standards for implementing your SDI. **Doug Nebert, US Federal Geographic Data Committee (FGDC).**
- 1020 Morning Tea
- 1045 **The future:** Emerging geospatial standards: the ones to watch over the next 12–18 months. **Doug Nebert, FGDC.**
- 1125 The current ANZLIC Metadata Project. **Jeff Dau, ANZLIC.**
- 1135 ICSM's role, key standards (GDA, addressing, harmonised data framework, National Gazetteer, etc) and their impact on the ASDI. **Paul Harcombe, ICSM.**
- 1145 SIDP project outcomes. **Maurits van der Vlugt, SKM.**
- 1155 DIPNR's Water Quality Data Publishing Project. **Rob Atkinson, Social Change Online.**
- 1205 Interoperability, privacy, security issues in the emergency management arena. **Rob Colless, EICU, Department of Lands.**
- 1215 Open Discussion Forum.
- 1245 Close

## Topics to be covered include

- Progress against the ANZLIC ASDI Action Plan
- Operationalising the ASDI through *Community of Practice* applications
- The roll out of standards-based products and applications in Australia
- The current geospatial standards “scene” — a brief introduction
- Update on the key OGC standards, ISO TC211 standards, and relevant WWWC and Oasis standards in support of your SDI developments
- Update on Catalogue Services and web services metadata
- Mainstreaming interoperability — learnings from the US *Geospatial One-Stop* project
- Progress on the *ANZLIC Metadata Project*
- Case studies of “best practice” in the jurisdictions
- Recommendations from the recent SIDP Project by OGC-A & ASIBA
- Question and answer session

## ATTENDANCE BY REGISTRATION

**RSVP** by 6 June 2005
